Also Available : 5-part Treble Voices, SSAATTBB, SSSAA, SATB

Duration: Approx 4.05 minutes

ABOUT THE WORK

The Fire Dance of Luna is part of my “12 Fantasies for Children’s Choirs” choral series written for 2 to 8-part treble voices.

The work depicts the fantasy story of a world in a distant future where people inhabit the moon. The music brings out beauty of the fiery tribal-like rhythms that seeks to stir the imagination of singers, depicting the imagery of the “children of the moon” dancing around a mountain of raging fire to celebrate the glorious land in which they call “Luna”.

“The children of the moon gather to call upon
the power of light through a dance- a dance of beauty,
fire and magic: The Fire Dance of Luna.”
